

15 Years of Association Work Mahadevi e.V. 2007 – 2022

That means 15 years:

recruit members
representing the association
discuss - also sometimes lament
honour praise thank
switch on the brain
but also sometimes waver
sit and think
directing financial flows
organise events
and put up posters
serve the press
dare to do something new
preserve the tried and tested
email back and forth
understanding Anupendra
is sometimes difficult
acquire argue
document register
inform record
receiving cheques with pleasure
cleaning doorsteps
using mobile phones
translating and mediating
going different ways
exchange concepts
don't get high on yourself
nudge Robin
rather act small and think big
and direct many meetings
correspond with Nepal
do not speculate
laugh, have fun, rejoice
walking with old and new people
look for sponsors - as a reward a cake
go out in public
understanding Nepal's culture
selling exhibiting
and collect money again and again
also suffer sometimes
maintaining the homepage
do not forget modern media
and do not measure yourself against others
visit Nepal - give speeches
and dance together
enjoy success - that's what we wanted.

The whole thing only works in a cooperative team
members, supporters, board, Bina, Anupendra and Robin.
